location:
description: Health insurance provides financial protection against medical expenses by covering the cost of hospitalization, surgeries, doctor consultations, diagnostic tests, medications, and emergency treatments. This policy helps individuals and families manage unexpected healthcare costs while ensuring access to quality medical services. Coverage may include inpatient and outpatient care, maternity benefits, preventive health checkups, ambulance services, and cashless treatment at a network of hospitals. Having health insurance reduces the financial burden during illness or accidents and offers peace of mind by supporting timely medical care when it is needed most.
